

WALSH BISHOP

BRIDGE OF THE GODS RESORT AND CASINO

Location: Cascade Locks, Oregon

Project type: Destination Resort + Casino

Services: Master planning, architecture and interior design

Size: 600,000 sf

Completion: Ongoing project work

With the planned development of the new Bridge of the Gods Resort and Casino, Cascade Locks is poised to become a true destination centerpiece for the Columbia River Area. Development pressures within the community needed to be harnessed in a manner to help support the natural beauty, historic qualities and economic opportunities for the entire community. Walsh Bishop provided master planning services to help navigate a range of complicated planning issues and provide optimal solutions to the region.
